

Information Required for a Quotation

To ensure Epona Logistics provides you with an accurate and timely quote, we kindly request the following shipment details. These fields help us evaluate regulatory requirements, optimize routing, and tailor the most efficient and cost-effective logistics solution for your cargo.

1) Commodity Details

- Indicate whether the cargo is hazardous.
 - If yes, please include the Material Safety Data Sheet (MSDS/SDS).
- Harmonized Tariff Schedule (HTS) Code, if available.
- Is the cargo subject to export licensing from the U.S. Department of Commerce, Bureau of Industry and Security (BIS)?

2) Cargo Value

- Please specify if cargo insurance is required.

3) Total Piece Count

- Number of individual packages or handling units.

4) Total Weight

- Please provide gross weight (in pounds or kilograms).

5) Dimensions / Volume

- Include L x W x H per piece, or total volume (in cubic meters or feet).
 - Ensure you have communicated the appropriate unit of measurement.

6) Origin Address

- Full pickup location, including zip/postal code.

7) Destination Address

- Full delivery location, including zip/postal code and country.

8) Preferred Service Type

- Door-to-Door (Most common for US Government cargo)
- Door-to-Port
- Port-to-Door
- Port-to-Port

9) Shipping Incoterms

- E.g., DAP, DDP, DDU, FOB, etc.
 - [Epona Logistics Incoterms 2020 Desktop Reference](#)

10) Required Delivery Date

- Target arrival date to help us determine the most suitable routing.
- Indicate if you prefer airfreight, ocean freight, or a combination.

11) Cargo Preference

- Is use of a U.S. Flag Carrier required (e.g., FAR 52.247-64 compliance)?
